Sagnik Dasgupta

E-Mail: sagnikd96@gmail.com Phone: +919632159766

Address: 98, Mrigasira Block, Indian Institute of Science, Bangalore, Karnataka - 560012, India

EDUCATIONAL QUALIFICATIONS

Bachelore of Science (Research)

Aug 2014 — Present

Indian Institute of Science, Bangalore

Senior Secondary Schooling

Apr 2010 — Mar 2012

Score: 93.4%

Chettinad Vidyashram, Chennai

COURSES

Semester 1 Aug 2014 — Dec 2014

- o Introductory Physics I: Mechanics, Oscillations and Waves (2:1)
- $\circ \textit{ Analysis and Linear Algebra I (3:0)}\\$
- o Organismal Biology and the Molecular Basis of Life (2:1)
- o Physical Principles of Chemistry (Quantum Chemistry) (2:1)
- o Algorithms and Programming (2:1)
- o Ways of Knowing: Cultural Analysis, Ethnographic Methods, Historical Analysis and Textual Analysis (3:0)

Semester 2 Jan 2015 — Apr 2015

- o Introductory Physics II: Electricity, Magnetism and Optics (2:1)
- $\circ \textit{ Analysis and Linear Algebra II (3:0)}\\$
- o Microbiology, Molecular Biology and Genetics (2:1)
- $\circ \textit{ Basic Inorganic Chemistry (2:1)}$
- o Introduction to Electrical and Electroncs Engineering (2:1)
- o Ways of Seeing: Literature, Visual Arts, Films (3:0)

Semester 3 Aug 2015 — Dec 2015

- $\circ \ \textit{Introductory Physics III: Thermal and Modern Physics (2:1)}\\$
- o Introduction to Material Science (2:0)
- o Probability and Statistics (3:0)
- o Cell Biology, Immunology and Neurobiology (2:1)
- o Basic Organic Chemistry (2:1)
- $\circ \ \textit{Introduction to Earth and its Environment (2:0)}\\$
- o Ways of Doing: Mapping Science-Society Relationships (3:0)

Semester 4 Jan 2016 — Apr 2016

- o Materials Thermodynamics (3:0)
- o Structure of Materials (2:1)
- o Mechanical Behaviour of Materials (3:0)
- $\circ \ \textit{Thermochemical and biological energy recovery from biomass (3:0)}\\$
- o Fundamentals of Climate Science (2:1)

1 of 3 18-Sep-16 5:31 AM

Sagnik Dasgupta

o Mapping India through the Folk Art (1:0)

Semester 5 Aug 2016 — Dec 2016

- o Materials Kinetics (3:0)
- o Mechanical Characterisation of Materials (1:1)
- o Defects (3:0)
- o Semiconductor Devices and Circuits (3:0)
- o Corrosion (3:0)
- o Material Synthesis (3:0)
- o Polymer Science and Engineering (3:0)
- o Journalism for Scientists (1:0)

FIELDS OF INTEREST

- o Graphene
- o Physical Metullurgy

PROJECT WORK

Characterisation of DLC Thin Films Synthesized by PECVD

June 2014 — July 2014

Indira Gandhi Centre for Atomic Research, Kalpakkam, India

Dr. M Kamruddin

A Short introductory project on the synthesis of DLC thin films by the process of PECVD and methods of its characterisation including Raman Spectroscopy and SEM.

Electochemical Delamination of CVD grown Graphene

May 2015 — July 2015

Indian Institute of Science, Bangalore, India

Prof. Srinivasan Raghavan

Graphene, CVD grown on copper, needs to be transferred onto other substrates. In this project, I have looked into various methods of carrying out such transfers, in particular, electrochemical methods. One such method involves electrolysis of water and the subsequent generation of hydrogen bubbles between the graphene/PMMA stack and the copper substrate resulting in the graphene being mechanically delaminated from the copper. A bubble free method was also briefly explored.

Piezoresistive strain sensors

May 2016 — Present

Indian Institute of Science, Bangalore, India

Prof. Srinivasan Raghavan

This project involves the fabrication strain gauges using both metal thin films and using graphene. Gold thin films were sputtered on to triangular cantilevers made of PTFE and were loaded at the tip to impart strain. Change in resistance was measured as a function of strain. For graphene, the CVD grown graphene was transferred on to a similar triangular substrate with four golt contact pads sputtered on. Later wires were attached using silver epoxy and measurements were made on a Keithley 2450 SMII

OTHER ACADEMIC ACTIVITIES

Term Paper April 2016

Analysis of Loads and Stresses on Bicycle Frames

AWARDS

KVPY Fellowship 2013

Kishore Vaigyanik Protsahan Yojna

NTSE Scholarship 2010

National Talent Search Examination

SKILLS

o Teaching/Presenting

2 of 3 18-Sep-16 5:31 AM

Web version: $\underline{sagnikd96.github.io}$

- $\circ \ Linux$
- Programming (C/C++)
- o CAD

HOBBIES

- o Cycling
- $\circ \ Android \ Modding$
- ∘ Web Development (HTML, CSS, JS)
- o Swimming
